

## School Cloud – Parents Evening Helpful Tips

### In order to make video calls you need to have as a minimum:

- a device with a microphone and speaker/headphones
- a compatible up-to-date web browser:
  - iPhone/iPad:** Safari, Chrome **Note: there is a known issue joining video calls using iOS 14.2. Please upgrade any iOS 14.2 devices to iOS 14.3, or use an alternate device.**
  - Android:** Chrome, Firefox or the Samsung Browser
  - Windows:** Chrome, Firefox or Microsoft Edge
  - Mac:** Safari, Chrome or Firefox
  - Linux:** Chrome or Firefox

### We also recommend:

- Using your smartphone for video appointments. If you don't have a smartphone with a front-facing camera, use a laptop or computer with a webcam.
- Using a headset (or earphones with a microphone) to reduce echo.

## How to attend your appointments via video call

### • 1. Log in and go to the Evening

On the day of the video appointments (or before, if you want to test your camera and microphone, etc) login to Parents Evening via the Parents Evening tab in Weduc, or click the login link from the bottom of the email confirmation you will have received.

- At the top of the page you will see a **blue notice** telling you that you have upcoming video appointments, as well as a "[click here](#)" link which allows you to check that your internet connection and device can successfully connect to a video call.
- The **green** [Join Video Appointments](#) button allows you to join your appointment on the day - or to test your camera/microphone at any time.

### 2. Check Audio and Video

When you click [Join Video Appointments](#) the [Check Audio and Video](#) screen will be displayed. You may at this point be asked if you wish to allow access to your camera/microphone, in which case please click yes.

From here you can blur your background in video calls, turn on or off your microphone and camera, change which devices are being used for the call, and check your microphone and speakers. Once you are happy, click [Proceed to Video Call](#).

### 3. The Video Call

On this screen you can see the following, when in a call:

- At the top left the teacher name for the current and next appointment
- At the top right a countdown to the start of the appointment.
- At the bottom the control buttons allow you to mute the mic or turn off the camera. The cogwheel allows you to change the settings, such as blurring your background, or choosing to use a different mic or camera (if you have more than one available).

#### 4. Making a call

Click the Start Appointment button. You will see yourself in the bottom right corner of the screen (unless you have no camera, or have chosen to turn it off). If the teacher has not yet joined you will see a notice to that effect in the centre of the screen.

#### 5. Follow on calls

If you have a consecutive appointment scheduled the screen will display a Start Next Appointment button. When you are ready to proceed, click on it

**Note** that if you delay starting a call it does **not** extend the duration for that appointment.

The appointment will always end at the scheduled times.

If you do not have a consecutive appointment, but you have not completed your final scheduled appointment you will see a countdown telling you how long until the start of your next appointment.

Once your final appointment for the evening is complete you will see a message advising you of this.

#### 6. Inviting another parent/guardian to join your appointments

You can give **ONE** other parent/guardian access to join your video appointments in respect of each student linked to you that is involved in the conference. You can grant this access at the time of booking, or later if required.

1. Once you have made your bookings (or when you later log in and go to *My Bookings*) click on the Invite Parent/Guardian link at the top of the list of your bookings. If you have already sent an invitation this link will show as *Manage Invites* instead.

2. You will then be presented with a box asking for the details of the parent/guardian to be given access.

If there is more than one student linked to you and involved in the evening they will all be shown. You **must** enter a *Name*, and an *Email address*, as well as tick the box to consent to that person being given access to the information used to make the appointments.

If there is more than one student linked to you, choose the student(s) in respect of whose appointments the access to this person will be granted.

When you click the blue [Send Invite](#) button an email is sent to the address entered, giving them a link and details on how to join the call.

Please note that **ONLY** that one invited guest should use this link. Anyone else using it (including the parent that sent the invite, who should log in via their own confirmation email) will knock the guest out of appointments.

3. You will then see a [Manage invites](#) box that shows your sent invitation(s), allows you to add another invite **if you have any more available** (you can have **one** invite per student, if wished), and allows you to *Resend* invites or *Remove* them. If you have no more invitations available the green button will be replaced with a message that says *Unable to invite another parent/guardian. Only one invite can be sent per student.*

If you click *Remove* the link in the previously sent invitation will no longer work and that person can no longer join the video call.

**Note that a call can have a maximum of 4 people in it at any one time. A school can assign 3 teachers to take joint appointments for a class, if they do this the parent can still invite their ONE guest, however once the number of active participants in the call reaches 4 no further people can join it (unless one of the existing participants leaves the call).**
